

Handout #3

Take Five Core Values

Build relationships with other believers through small groups meeting in homes to learn the process of lifestyle evangelism.

Cultivate associations and friendships with unchurched/unsaved people through acts of kindness and loving attention.

Focus on five couples/singles who are unchurched and begin praying for them on a regular basis that they will come to Christ and the church.

Learn an easy way to share the gospel with unbelievers on a relational level.

Understand the common objections and questions unbelievers are asking and be able to give them biblical answers.

Continue to find creative ways through friendship evangelism to engage the church-detached.

Assimilate all new believers and new regular attendees into the life and ministry of the local church.
